Front-End Web Developer Position

Hileman Enterprises is an interactive marketing agency with a technical twist. We integrate creativity and marketing strategy with technology in order to achieve the desired business objectives. As a team, we offer a broad range of services, such as web design & development, print design, email marketing, search engine optimization (SEO), and pay-per-click advertising (PPC).

The ideal candidate will thrive in a fast-paced environment, while bringing a fresh perspective to our growing team. This person will also have the opportunity to collaborate with our development, sales, and account management teams.

We are currently seeking a Front-End Web Developer who will fit into this dynamic, entrepreneurial environment. Looking for a candidate with a minimum of 2-3 years demonstrated experience building HTML and CSS by hand. Web design skills are a plus.

General Requirements:

- BA/BFA , Associates Degree, or demonstrated experience in a related technical field
- Proven experience creating W3c standard html markup based on existing Photoshop or Illustrator layouts
- Proven experience building web sites using DIVs/CSS on the web and table structures within emails
- Experience building emails for implementation in an enterprise email-marketing platform
- A comfort level working in Adobe Creative Suite (Photoshop & Illustrator)
- A comfort level implementing / maintaining interactive media (Adobe Flash) & Javascript (jQuery)
- Experience creating HTML/CSS templates for a CMS is a plus
- The ability to effectively communicate in both a verbal & written format is essential
- Passion and interest in learning new web technologies and techniques
- Knowledge coding for a mobile web environment is a plus
- Experience in Search Engine Marketing (SEM) / Search Engine Optimization (SEO) is a plus

Key Responsibilities:

- Maintenance of existing websites and emails
- Creating html markup based on layouts provided by the design team and ensures cross-browser compatibility
- Creating and maintaining various email marketing campaigns
- Working with our development group to implement and subsequently style layouts
- Managing current website content for existing clients
- Acting as a bridge between Hileman's design & development groups

Ready to apply?

Please send your resume, a link to your online portfolio, & a cover letter (defining salary requirements) to careers@hileman.biz. No phone calls or agencies please.

We offer a competitive salary & excellent benefits.
